## Message

Dear Students, Teachers, Parents and Well-wishers,  
Warm Greetings from The Paradise Residential School.

The days of festivals and the days of joy have arrived. October is a month filled with celebrations, joy and colours. The autumn too arrives around this time with a golden sky and nature throws up wonderful displays at different parts of the day. The celebrations bring families and friends together in happiness and for further joy.

This is also the time for calm reflection on the deeper values of life to renew ourselves, reminding ourselves of the responsibilities that we have self-growth and translating the same for the growth of the community and the nation. While we rejoice in the celebrations, there are our brothers and sisters who are affected by excessive rains and floods, affecting livelihood, which has also dampened the festive seasons in some regions. As we offer prayers during these festival days, it is important to pray for their welfare and at the same time, be grateful to God for what have been provided with, be it little or plenty. Let us hope that the words of Rabindranath Tagore come alive and comfort all, **“Clouds come floating into my life, no longer to carry rain or usher storm, but to add colour to my sunset sky.”**

The ongoing celebrations of Dussehra reminds us of the victory of good over evil. Let us not go through the celebrations just for the crowd of only the excitement that they create. Every moment is important to live a life of hope with a strong believe that good, truth, righteousness will always win over all vile desires of many. **“Truth never damages a cause that is just.”**, the words of the Father of our Nation echo into our hearts.

One of the most joyous festivals is Deepavali, when our homes brighten up with lamps; we visit all our friends and relatives and share not only sweets, but sweet moments, which lead to joyous and lasting memories. My dear students, it is the time to illuminate ourselves with pure, noble and positive thoughts. Let us believe in the words of one of the brightest minds of India, who continues to live through his thoughts, Swami Vivekananda, **“We are what our thoughts have made us; so take care about what you think. Words are secondary. Thoughts live; they travel far.”** True, our thoughts shape our lives, our relationships, our toil, our achievements and so on.

Let every minute of the celebrations and joy bring the best of benefit to every one's life.

Dr S Isias  
Dean and Principal

## PLENTIFUL IN BLUE

Our Kindergarten kids celebrated Blue Day on 8 September 2025 with great excitement. The children came with their favourite blue toys and confidently spoke about them, enhancing their communication skills. A lively group activity was also conducted, where children actively participated and enjoyed the learning together. The fullness of life in line with depth of the ocean was explained to the kids. It was a fun-filled day in the classroom, and the little ones joyfully understood and explored the significance of the colour blue.

## ASSESSMENT FOR LEARNING

The First Terminal Examination commenced on 11 September 2025 for Grades VI to X and for Grades I to V on 16 September 2025. Examinations are not only to judge the pupils with marks but also it gives the feedback to the teachers to understand the effectiveness of the teaching-learning process. Teachers revised the topic to clarify the doubts. Some were confident to write but still some need to pay more attention to grasp the content effectively. The first terminal examinations provided stronger foundation for the upcoming academic challenges and further improvement.
